ESO-138 Mohawk ROV

Summary:

We are pleased to offer direct from Sellers a Mohawk ROV system with TMS in a new and unused condition.

The system is currently located in the UK and Buyers will need to arrange onward transportation. For avoidance of doubt this system does not include a dedicated control cabin or LARS but the spread includes the surface control console and umbilical/slip ring.

Specification:

1000m depth rating

35kg payload capacity

TMS with 200m tether

1200m umbilical, deck lead and winch slip ring

4 function manipulator

Colour and Monochrome Camera

Obstacle avoidance sonar and Altimeter

Specifications given in good faith but without guarantee.
